

GOPHER SIGN COMPANY

SINCE 1922

EMBOSSSED STREET SIGNS

Type AP Border

Type BP Border

- A traditional looking and long lasting sign with a fully embossed copy & border (1/8" depth of draw).
- 18-gauge galvanized steel sign with a durable and corrosion-resistant powdercoated finish.
- Enamel rollcoated embossed copy & border. An optional glass beading can be added to White rollcoats to create a reflective border and copy.
- Available in 6" and 8" sign heights (sign length will typically be sized to fit the legend length). 6" signs have 4" primary copy and 8" signs have 5" primary copy.
- Available only as single faced signs for back-to-back mounting applications (as shown).
- Designed for use with the Gopher Sign Universal Street Sign Bracket™ or G-100 Series Cast Iron Street Sign Bracket .
